

EMMA FAITH BULLARD

### new surprises in store

There's never been an American Girl store like the ones you'll experience this season in our New York and Chicago locations! Both are bringing the Doll Hospital to life in a way that'll tickle funny bones—and heal them, too. Our doll doctors are in! For in-person checkups and conversations, ready with wellness advice or to ease an admission transition. Girls will also find interactive kiosks dedicated to doll wellness, with vision and X-ray play. While you're there, don't miss the Salon and Julie's Gloomy World.
